Drawing Vocabulary

- **Drawing**
 - An art technique using pencil, pen, brush, charcoal, crayon, pastel or stylus.
- **Gesture Drawing**
 - Quick sketch used to capture the movement or position of a figure.
- **Contour Line**
 - A line that defines the edges and surface ridges of an object. The outline of the object.
- **Sketch**
 - Quick, rough drawing without much detail that can be used as a plan for later work.
- **Composition**
 - The placement of line , shape, color and value in a work of art; basically the total design.
- **Figurative**
 - Use the figure of the human body

Gesture Drawing

Contour Drawing

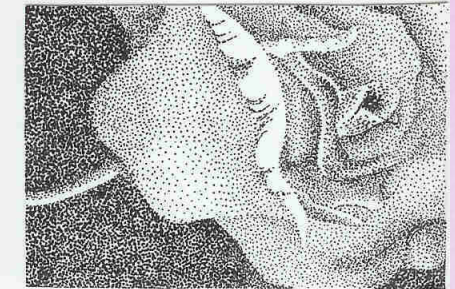

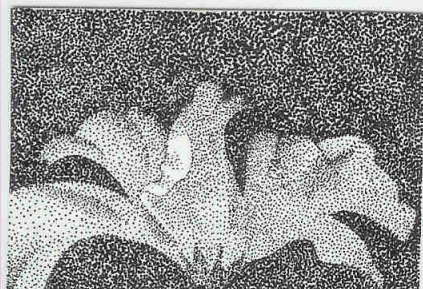

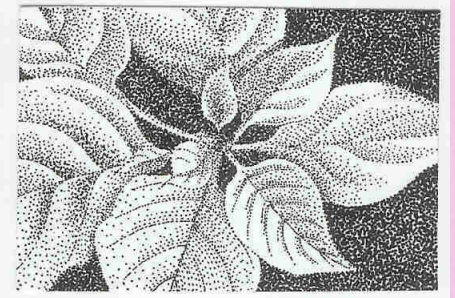

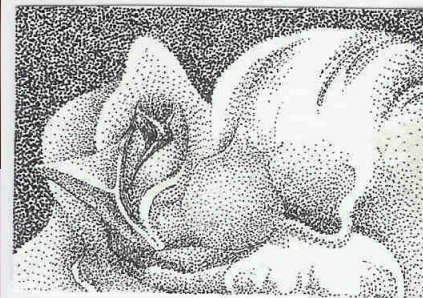

Drawing Vocabulary

- **Picture Plane**
 - The flat surface of a two-dimensional art work.
- **Cross Hatching**
 - Superimposed layers of parallel lines (hatching) at an angle to one another; used to create shadow and modeling.
- **Stippling**
 - Painting, drawing, etc. by means of flecks or dots.
- **Chiaroscuro**
 - Method of arranging light and shadow in two-dimensional art to create the illusion of three-dimensional form. (from the Italian)
- **Foreshortening**
 - Perspective on the human body. The study of how proportions change as the body moves from a standing position.

Drawing Vocabulary Cont...

- **Blending**
 - Technique of shading through smooth, gradual application of value.
- **Pastels**
 - Pigments held together with gum and molded into sticks.
- **Perspective**
 - Refers to two major systems for showing depth and distance in a work of art (linear perspective and atmospheric perspective).
- **High Key**
 - exclusive use of light or pale values in a work
- **Low Key**
 - exclusive use of darkest values in a work
- **Charcoal**
 - drawing medium, made from a dark natural material
- **Vine Charcoal**
 - a light-weight charcoal that is really skinny, it has no covering

Drawing Vocabulary

- **Grid**
 - a scale of squares that are used to enlarge an image
- **Pencil**
 - drawing tool, piece of wood that contains a piece of graphite which leaves marks
 - B Pencils - the “B” refers to the type of lead, B meaning soft, the bigger the number attached the softer the graphite and the darker it writes (ex. 6B is softer and writes darker than 2B)
 - H Pencils - the “H” refers to the type of lead, H meaning hard, the bigger the number attached the harder the graphite and the lighter it writes (ex. 6H is harder and writes lighter than 2H)
- **Colored Pencil**
 - drawing media, color in a pencil form, blendable
- **Fixative**
 - A thin varnish of watery consistency, used to keep drawings from smudging. Normally a spray
- **Vanishing Point**
 - a point in a perspective drawing to which parallel lines not parallel to the image appear to converge. The number and placement of the vanishing points determines which perspective technique is being used.
